

Single-Use Coffee Cups

What's Recyclable?

Are to-go coffee cups recyclable?
Well, it depends...

Plastic lids on hot cups go in curbside recycling.

Cardboard sleeves are paper and recyclable.

Hot coffee cups made of paper are often lined with plastic to prevent leaks and aren't recyclable.

Polystyrene foam cups aren't recyclable either!

Most plastic lids for single-use cups can go in curbside recycling.

Most plastic to-go cups can go in curbside recycling.

Straws aren't accepted in curbside recycling.

All recyclable items should be **empty, clean and dry** before going in your recycling bin.
