Spring into Sustainability

Spring is time to clean up and clear space in your home. As you organize and declutter, tackle spring cleaning with sustainability in mind.

RECYCLE

Create a recycling station to help you empty, clean and dry your recyclables

DONATE

Donate gently used items, like household furniture and clothes, to a local nonprofit

KNOW WHAT TO THROW

Know which items can be recycled in your community's curbside collection program

ELECTRONICS RECYCLING

Recycle worn out and outdated electronics – computers, phones and tablets – with an electronics waste recycler

HAZARDOUS WASTE

Collect your household's hazardous waste – batteries, lightbulbs, paint and more – until you can dispose of these dangerous materials the right way

Visit RepublicServices.com and RecyclingSimplified.com for more recycling and sustainability tips.
