Recycling

Please keep this guide handy, near your recycling cart or on your refrigerator.

All-in-One Cart

Apartments and condos are required to provide recycling carts for their residents. Residents can recycle all materials shown on the reverse side.

Email recycling@fcgov.com if your property doesn't offer recycling carts.

Cardboard in the Trash Is Illegal

Remember to recycle your cardboard! A City of Fort Collins ordinance requires cardboard to be reused or recycled. It is illegal to throw cardboard in the trash. Set your flattened cardboard with your other recyclables in your recycling cart. Want to share your used moving boxes or find free boxes? Learn more about reusing cardboard at fcgov.com/cardboard.

Size Matters

If you live in a house, your trash bill is based on the size of your trash cart. If you don't regularly fill your trash cart, call your trash hauler to request a smaller cart, and you'll save money. The smaller your trash cart, the smaller your trash bill.

Did you know you receive recycling at no extra cost? If you don't already have a cart to hold your recyclables, call your trash hauler. You can have as many as two 96-gallon recycling carts at no charge.

Chemicals and Electronic Waste Are Also Illegal

Common household chemicals, paint and electronics cannot be placed in the trash. You can recycle all of these items at the Larimer County Landfill, and some can be recycled at the Timberline Recycling Center. Find out more about these locations and others at fcgov.com/recycle.
