

Welcome to the program! We at Republic Services are proud to partner with the City of Lafayette in providing residents with a trash, recycling, and organics program that meets the needs of today's busy families. The save-as-you-throw service is cart content only with the price you pay corresponding with the size of trash and compost cart you choose. Please review your water bill for billing details.

The program from Republic Services also includes added value services like one free bulk pick-up a quarter and Spring & Fall Leaf and Branch Clean-up events. Be on the alert for twice annual Newsletters packed full of program details, upcoming events, and tips for recycling and composting. Timely postcards are also sent to residents to re-emphasize event details so you know when events are happening and what you need to do to prepare for them.
