

# AB341 Mandatory Recycling Diversion Certification Form

This form is required and certifies the property listed below does not have recycling collection service provided by Republic Services® and instead has arranged for recycling collection services from one of the ways listed in Section 2.

## I. Contact Information

Business Name:

Site Address/  
Address Range for  
Covered Businesses

Email:  Phone:

Signature:  Date:

## II. Check the box that best describes how your recyclable materials at the above site is diverted from the trash.

☐ Collected by a third party.

☐ Recyclables are being diverted from trash in another way. Please describe below.

California Assembly Bill 341 (AB341), also known as the Mandatory Commercial Recycling (MCR) law, became fully effective July 1, 2012. AB341 requires that all commercial businesses who generate four cubic yards or more of solid waste per have a recycling program. Solid waste includes the total amount of waste from trash, recycling, and organic waste. A recycling program can include collection by a third-party contractor, donating, self-hauling, or sharing waste services with another business. For additional information on State law AB 341, please refer to the State authority, CalRecycle, at <https://www.calrecycle.ca.gov/recycle/commercial>.

If recyclables are not being diverted from the trash, please contact Republic Services for assistance on being compliant with State law AB341.
