Sustainability in Action

Avoid That Contamination Fee!

Do not bag any items that are placed in your recycling or organics container. **At this time, compostable bags are not acceptable.**

Organic Waste Containers: What You Need to Know

As of last year, organic waste containers have been distributed to all commercial and multifamily accounts. In accordance with Senate Bill (SB) 1383, all residents, multifamily properties, businesses, schools and public agencies are required to have an organics container for proper waste separation.

Container Types:

CARTS

DUMPSTERS

Service Guidelines

- Place carts at the curb or outside of enclosures on your scheduled service day.
- Need service inside a closed enclosure? This is available for an additional fee to ensure access.

Missing Cart?

- First, check around your property to see if it was moved or stored elsewhere.
- Still missing? Call Republic Services Customer Service at **559.275.1551** to schedule a replacement delivery.

If your organics cart continues to go missing, we recommend upgrading to a 1-yard organic metal dumpster for improved durability and security.

After the first free replacement:

1. File a police report for the missing cart.
2. Call Republic Services Customer Service at **559.275.1551** and provide the police report case number to schedule a new delivery.

Helpful Tips

- You can mix yard waste (leaves, grass, small branches) with food scraps in your organics container.
- Pro tip: add pine shavings to help absorb moisture and reduce odors naturally.

Planning an Upcoming Event?

Looking for an educational course on recycling and organic waste? Interested in scheduling a presentation or a Touch-A-Truck event for career week? I'm here to coordinate and get everything set up for you.

Managing a multifamily property? Need educational materials for your tenants? Hosting an HOA meeting, and want a presentation to provide insights and answer questions?

Feel free to reach out via phone, email or text—I'm happy to assist!
