

Cart Options

Republic Services offers different cart sizes to best fit your recycling and waste needs year-round: 32-gallon, 65-gallon or 95-gallon carts.

PLACING CARTS FOR COLLECTION

- ▶ Face carts toward the street with wheels against the curb or gutter the night before or by 7 a.m. on your scheduled service day.
- ▶ Allow at least 3 feet between carts and 6 feet between carts and other objects (mailboxes, trees, basketball hoops, cars, etc.).
- ▶ Make sure lids are securely shut. Materials should not extend beyond the cart rim.
- ▶ Do not place hot ashes, dirt, rocks, concrete or hazardous items in your carts.

REASONS WASTE MAY NOT BE COLLECTED

- ▶ Overfilled or overweight cart
- ▶ Insufficient space to service cart
- ▶ Cart too far from curb
- ▶ Car blocking cart
- ▶ Unacceptable material in cart

Holidays

Republic Services observes the following holidays:

- | | |
|--------------------|--------------------|
| ▶ New Year's Day | ▶ Labor Day |
| ▶ Memorial Day | ▶ Thanksgiving Day |
| ▶ Independence Day | ▶ Christmas Day |

If your service day falls on or after one of these holidays, it will be delayed by one day. For all other holidays, your service day will remain the same.

Know What to Throw

When it comes to the blue recycling carts, always remember to keep materials empty, clean and dry.

Tips for recycling:

- ▶ Aim to recycle clean materials that are not contaminated with food, oil, etc.
- ▶ If you are recycling cardboard, break down boxes so that they are flat. This will save you space in your cart for other recyclable materials and prevent overflowing carts.
- ▶ Make sure all liquids or other contents are removed from bottles or jugs.
- ▶ Never bag your recycling! Make sure all recyclables are LOOSE when they reach the carts that are serviced by our drivers.
- ▶ Refer to the list of recyclable items listed in this brochure if unsure.
