

APPLICATION FOR UNINCORPORATED SAN DIEGO COUNTY COMMERCIAL AND MULTI-FAMILY PREMISES IN DENSELY-POPULATED AREAS

Background Information

Owners, occupants, or operators of multi-family and commercial premises in the densely-populated areas of unincorporated San Diego County are required to comply with recycling and organics materials requirements of County Code. These requirements include separating and recycling designated recyclable and organic materials and subscribing to solid waste, recyclable and organic materials collection services from a qualified provider. Subscribing to collection services may be waived if the premises' responsible party is granted a waiver, self-hauls recyclable and/or organic materials to a facility that reuses, salvages, recycles, or processes the materials, or meets exemption criteria of the County's municipal code.

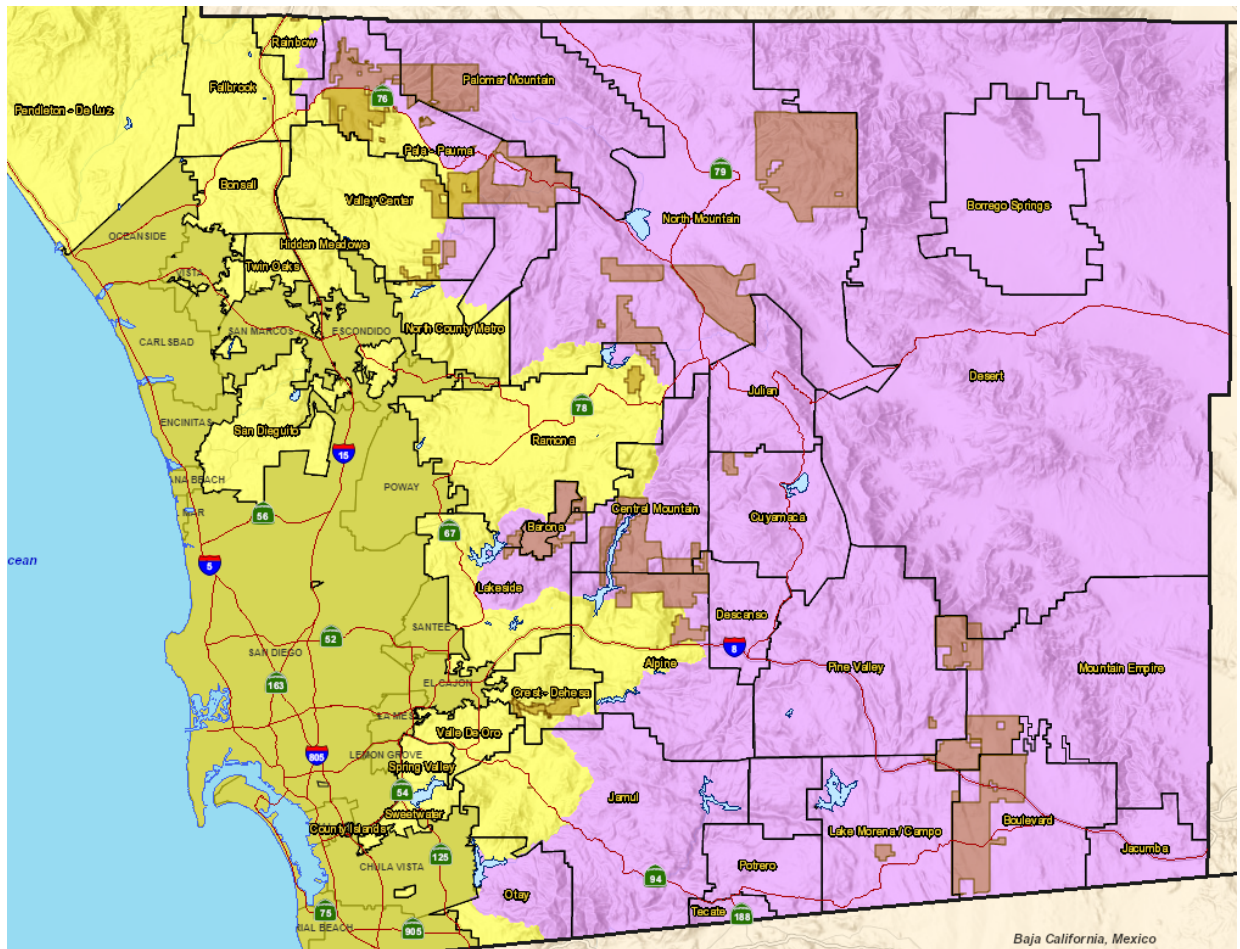

Designated Recyclable Materials	Designated Organic Materials

The following types of waivers are available for qualifying multi-family and commercial owners, occupants, or operators in the densely-populated areas for circumstances fully described below. A full copy of the [San Diego County Code \(Sec 68.501\)](#) is available by emailing: Recycle@sdcounty.ca.gov.

Waivers Available for Commercial and Multi-Family Premises (5 or more units)	
Type of Waiver	Criteria
De minimis waiver	<p>Type 1: Applicant's total collection service is <u>equal to or greater than 2 cubic yards per week</u> AND applicant's property generates less than 20 gallons of recyclable material, or less than 20 gallons of organic material, per week.</p> <p>Type 2: Applicant's total collection service is <u>less than 2 cubic yards per week</u> AND applicant's property generates less than 10 gallons of recyclable material, or less than 10 gallons of organic material, per week.</p>
Physical space waiver	Applicant's property lacks adequate space for recyclable material containers and/or organic materials containers.
On-site organics management waiver	The organic material generated at applicant's property is being managed through on-site composting or other on-site management practices that are consistent with applicable laws or regulations. If any organic material is excluded from the on-site management process, the quantities of excluded organic material must meet the applicable de minimis waiver of type 1 or 2 above.

Densely-populated areas

Densely-populated areas of the County are those with census tracts with 75+ people per square mile. Commercial and multi-family premises in the densely-populated areas must comply with all recycling requirements, unless registered as a self-hauler or granted a waiver. If you are unsure whether your property is in the densely or sparsely-populated area, please see the map on the next page.

How to apply for a waiver from the County of San Diego

To apply for a waiver from the requirement to subscribe to recyclable materials and/or organic materials collection service, the following steps must be completed:

1. The owner or operator of the premises must fill out the information in the form below and provide all documentation required by this form. Alternatively, the owner or operator of the premises must sign the bottom of this form consenting to their solid waste, recyclable materials, and/or organic materials hauler submitting this form on their behalf.
2. Email the completed and signed form, along with all required documentation to Recycle@sdcountry.ca.gov or via the address listed above.
3. An on-site inspection by your hauler or County staff may be required to verify waiver eligibility.
4. Receive a confirmation email from the County that the waiver(s) have been approved or denied. The email or letter will be sent to the contact on this form.

The County or hauler providing collection service may verify the applicability of the waiver each year. During this review process, owner or operator of the premises shall update information in this form, upon request.
