Cart Setout

Place carts curbside by 5 a.m. on your collection day. Drivers have until 6 p.m. to service the carts.

Weekly – All 3 carts are emptied on the same day, but not by the same truck. You may choose to set out your recycling or organics carts only when full, which might not be every week.

Reasons waste may not be collected:

- Cart too far from curb
- Cart facing the wrong direction
- Overfilled or overweight cart
- Insufficient space to service cart/car blocking cart
- Unacceptable material in cart
- Incorrect cart size

Containerized – Please be sure to place all waste, organics and recycling inside the correct cart, and close all lids flat. Items placed outside the cart cannot be serviced without an extra service sticker, unless you contact our office prior to collection day. There may be a fee for this service.

Curbside – Carts must be placed with wheels against the curb by 5 a.m. on your regular collection day, with the lid opening facing toward the street. Place carts in a visible location at least 3 feet apart and 6 feet away from mailboxes, trees, basketball hoops, cars or other stationary objects.
