

Apartment/Condo Recycling Laws

SB 1383: Reducing Organic Waste: State law, SB 1383, is a statewide effort to reduce emissions of short-lived pollutants by reducing organic waste disposal to 75% by 2025. Organic material accounts for more than half of the material in California's waste stream. Greenhouse gas emissions caused by the decomposition of organic material in landfills contribute to global climate change. As of January 2022, residents are required to separate organics, including all food scraps, uncoated food-soiled paper, and yard trimmings, for composting. The USDA estimates Americans waste \$218 billion dollars' worth of food every year — about 400 pounds per person. Six million tons of food gets thrown away in California every year, per CalRecycle. Go to CalRecycle.ca.gov/organics/slcp, for more information. Also visit RepublicServices.com/BeniciaCA for information specific to Benicia.

How to Reduce Food Waste at Home

- Stick to your grocery list and meal plan, only buying what you need.
- Freeze leftovers for later if you cooked too much.
- Be creative in the kitchen. That speckled banana is good for a breakfast shake or muffins.
- Store leftovers in see-through containers or label them with a marker and painter's tape, keeping oldest items at the front of fridge.
- Compost what's left.

Please recycle plastic containers #1-7, glass, metal, paper, cardboard. Details inside.

Miss any Sustainable Solano/Republic Services online classes or presentations? Visit SustainableSolano.org and Sustainable Solano's YouTube channel youtube.com/sustainablesolano and get caught up on sourcing local food, composting, cooking, and more. Need compost for your garden or inside plants? Republic Services hosts two free compost giveaways (spring and fall). Visit RepublicServices.com/BeniciaCA

Sorting is important!

Placing organics or recycling into the correct container reduces contaminating the entire truckload. Think before you toss, including using the right bag (or no bag).

Thank you for being a responsible tenant.

Large Items

If you have furniture, mattresses or other large items, contact your property manager. They can schedule a bulky pick-up for a fee. Call 707.747.0608 to schedule.

Leaving or just arrived? Look for "Moving In" and "Moving Out" flyers to assist you with discards at RepublicServices.com/BeniciaCA

Cardboard boxes can be recycled in the large bins at the Benicia Corporation Yard, address below. Please flatten your cardboard. No Styrofoam or plastic.

Household Hazardous Waste (HHW)

Free HHW drop offs. Take antifreeze, household batteries, car batteries (no EV), motor oil (+filters), paint, aerosols, and mercury thermostats to Republic Services' Drop Off Facility at the Benicia Corp. Yard, 2400 E. 2nd St., open Saturdays 9a.m.-noon. No appointment is needed. Bring your driver's license with Benicia address.

Additional locations to dispose of batteries: Benicia Library (containers are near restrooms), inside City Hall entrance, at Pedrotti Ace Hardware in the Southampton Shopping Center. Pedrotti's also accepts light tubes and light bulbs.

Old Medications: There is a drop box for old pharmaceuticals at the Benicia Police Dept., 200 E L St. It is outside (under surveillance) with 24/7 access. Instructions are posted at the box. Please leave only controlled (doctor prescribed) items.

- No Metal
- No Glass
- No Plastic
- No Hazardous Waste
- No Compostable Utensils Or Cups
- No Pet Waste

Did you know?

Apartment and Condominium Recycling

To make recycling easier, handy reusable recycling totes are available to residents at no cost. Ask the manager of your complex or HOA to contact Marie Knutson, Sustainability Advisor, MKnutson@RepublicServices.com or 707.694.4570.

Keep Recycling Clean

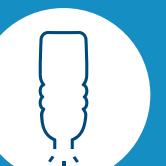

To meet strict quality requirements in this new era of recycling, please make sure your recyclables are:

Empty. Remove any remaining food or liquid.

Clean. Wipe or lightly rinse the item.

Dry. Shake out excess moisture or air dry.

Recyclables should be loose (no bags)

Food Scrap Composting

Residents can use the pail for storage and then empty their food scraps into the green organics cart. They may line their food scrap pail with newspaper, a paper bag, or a BPI-Certified Compostable bag (the only type of Compostable plastic we can accept).

Ask the manager of your complex or HOA to contact Marie Knutson, Sustainability Advisor, MKnutson@RepublicServices.com or 707.694.4570 for pails.

Important: Biodegradable plastics AND REGULAR PLASTICS are not acceptable because they don't break down completely in our compost process.

Service Reminder

Lids must close. Overloaded or contaminated containers may not be serviced.
