

Color-Coded Neighborhoods

How to Use the Street Sweeping Map & Schedule

You may use the Benicia street map and the legend below to find out when your street will be swept by Republic Services.

- Locate your street in the Benicia street map and note the color in your neighborhood.
- Match your neighborhood's color with the color in the legend below to find out what day of the month your street will be swept.
- If your scheduled street sweeping day is the same as a government holiday, your area will be swept as soon as possible after the holiday.

Residential streets are swept once a month. High priority routes are swept weekly on Thursday night. Downtown streets are swept weekly on Monday and Friday mornings.

For more information, call **(707) 747-0608**.

Legend

Downtown Area & High Priority Routes
Highlighted by Street

- High Priority Routes
Every Thursday Night
- Downtown Streets
Monday/Friday Mornings

Neighborhoods
Highlighted by Areas

- First Monday
- First Tuesday
- First Wednesday
- First Thursday
- First Friday
- Third Tuesday (Industrial)

Note: All the 100 blocks off First Street are swept the third Monday of each month.

DO NOT LEAVE PILES OR BLOW INTO STREETS

Sustainability in Action

2024 Routes, Schedules for Street Sweeping

Republic Services provides street sweeping as well as recycling, yard waste and garbage collection services for the City of Benicia.

The street sweeping schedules and routes for your neighborhood in Benicia are covered by the color-coded map in this brochure. To see what day your street will be swept, please check the map and legend.

We sweep three classes of streets in the city's residential and commercial areas:

- High priority streets
- Industrial park streets
- Residential area streets

For the city's residential neighborhoods and industrial areas, street sweeping service is provided by sections once a month. High priority routes are swept weekly on Thursday evenings. Major downtown streets are swept Mondays and Fridays.

Street sweeping helps keep contaminants from flowing into storm drains and polluting streams, the Carquinez Strait and bay waters.

Sweeping also helps to keep debris from clogging storm drains, which can cause flooding during heavy rains.

Your cooperation will help us keep your streets as clean as possible. Please:

- Park your car off the street on your scheduled sweeping day.
- Keep landscape plants pruned back far enough to allow street sweepers to reach the curb.
- Keep tree branches pruned to a height of 14 feet above street level to allow the sweeper to pass under them.
- Recycle leaves from your yard in your green waste cart. Do not leave any leaves in the streets. Large piles will hamper the sweeper, and during a rainstorm, the leaves may clog drains and cause flooding in your neighborhood.

For more information about street sweeping in your area, call (707) 747-0608.
