## Recycling Made Easy

Alameda County Ordinances and California State Laws require businesses and institutions to have recycling and organics services. To help with compliance, Republic Services offers easy-to-use, cost-efficient recycling and organics service for commercial customers.

Our dedicated recycling coordinator can provide a free waste assessment to recommend ideal service levels for your business, and provide educational materials and recycling workshops for employees, staff and maintenance personnel. It's Republic's goal to make recycling easy and successful!

Call Republic Services at **510.657.3500** or visit [Recyclingrulesac.org](http://Recyclingrulesac.org) for more information.
