

Hazardous Waste Disposal

Household hazardous wastes are common products used in the home and need to be disposed of safely. The following words on products will alert you to the hazardous nature of the product: Poison, Toxic, Corrosive, Volatile, Flammable, Inflammable, Combustible, Explosive, Danger, Caution, Warning, Harmful.

Hazardous waste can be taken to Boulder County Hazardous Materials Management Facility. This service is free to Louisville residents with proof of residency.

Hazardous Material Management Facility (HMMF):
1901 63rd Street
Boulder, CO 80301
(720) 564-2251
