# Residential Curbside Trash and Services

## Republic Services Appreciates the Opportunity to Service Your Community

As a City of Buckeye resident, you will receive residential curbside service two times per week; one time per week for trash and one time per week for recycling. Your scheduled service days are determined by your service area. Please see the Area Map to determine your scheduled days. **Please place containers on the street the night prior to collection, no earlier than 6:30 p.m., or by 5:30 a.m. on your assigned collection day.**

For safe and efficient service, please place the container in the street with the wheels touching the curb.

## Sun City Festival In-Ground Containers

Sun City Festival residents are located in either collection area 1 or collection area 2. Please see the Collection Area Map on page 3.

The in-ground container located closest to the garage is for recyclables and the in-ground container located closest to the street is for trash. Please place excess bagged and tied garbage on top of your in-ground trash container and don't forget to place excess recyclables in a box or paper bag which is then to be placed on top of your in-ground recycling container. All materials must be set out for collection no later than 5:30 a.m. on collection day. Please keep landscaping trimmed and away from the in-ground containers. Pavers should also be kept 6" away from the in-ground containers.

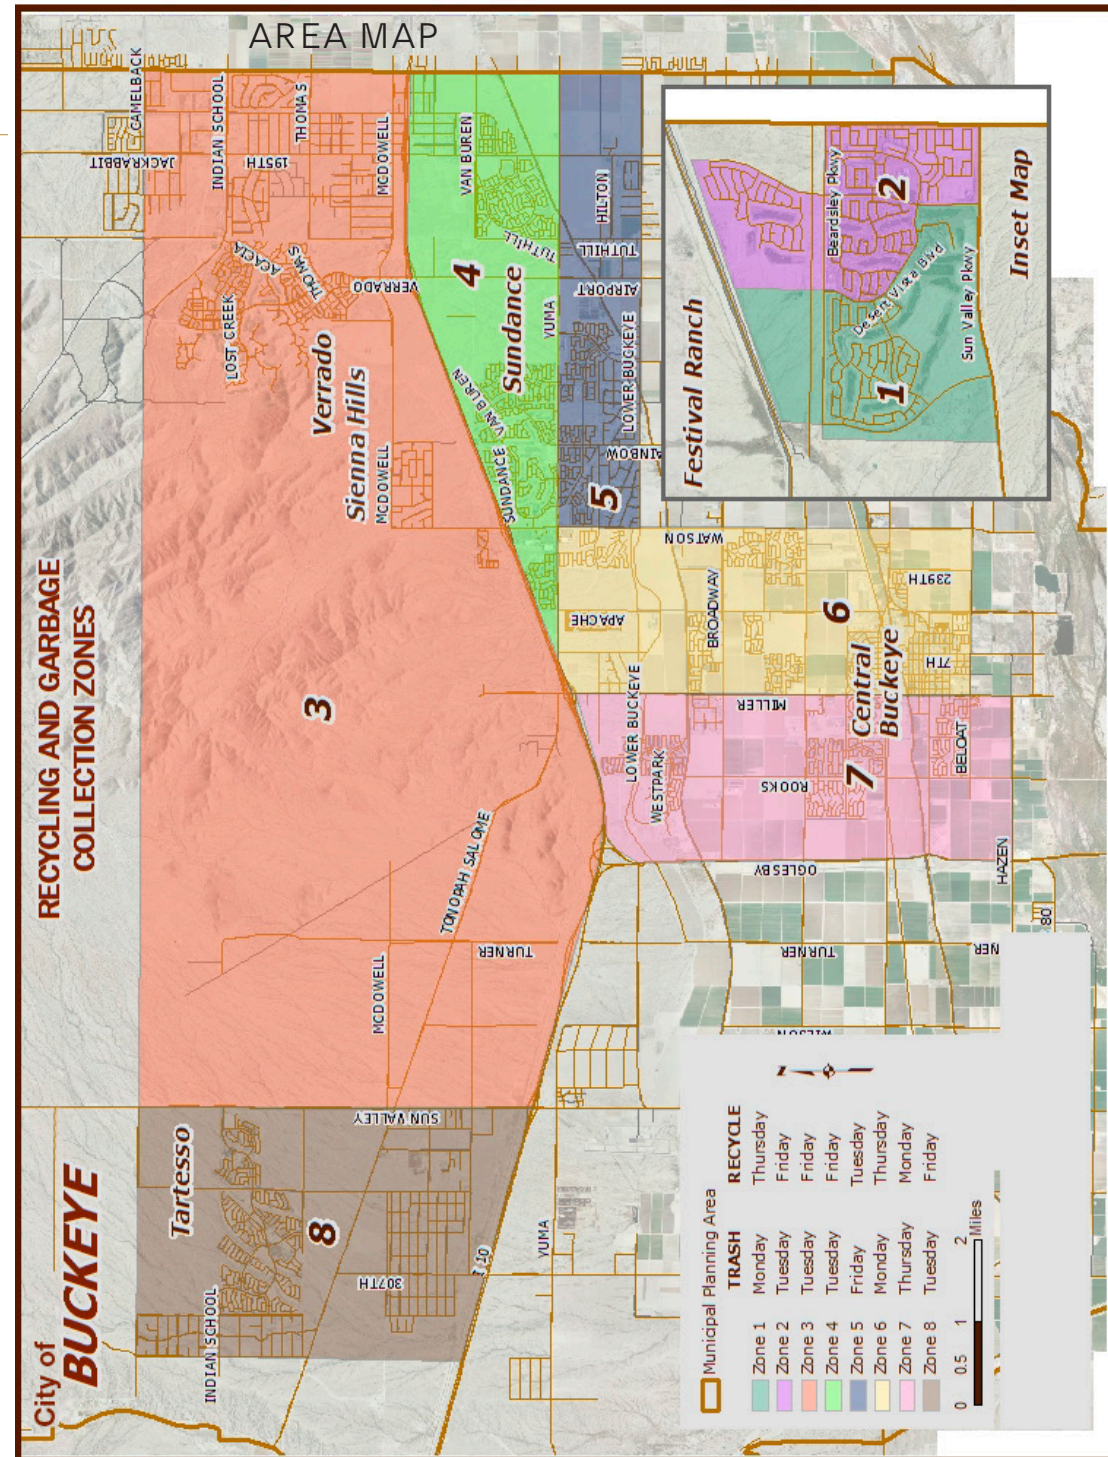

## DO NOT PLACE CONTAINER ON THE SIDEWALK!

## Safe Service Delivery is Our Goal

Two days of service per house per week are detailed in the Area Map on the next page. Please "bag & tie" all garbage, grass, yard trimmings and pet excrement before placing them in the trash container. It's more than a good idea, it's the law!

## Curbside Trash and Service Schedule

# Recycling Containers Collection Guidelines

## DO

- **Rinse** plastic containers, steel and tin cans to remove liquid and food, then dry; this will help avoid attracting flies and other pests.
- **Leave** lids on if they are made of recyclable materials.
- **Break down** or cut up large cardboard boxes before placing in container. This prevents material from wedging inside the container, restricting contents from being disposed.
- **Place** junk mail or loose papers in brown paper bags. This prevents spills.
- **Ensure** recyclables are clean and dry.
- **Ensure** lid of container is closed before placing out for collection.
- **Ensure** that the recycling container lid opens toward the collection vehicle.

## Recycling - Good to go!

Newspapers, magazines, phone books and all other inserts

### Other Paper Materials:

Computer and writing paper, file folders, paper bags, junk mail, shredded paper in clear bags, thermal fax paper, pet food bags

## About Republic Services

Republic Services, Inc. is a leading provider of services in the domestic, non-hazardous solid waste industry. We provide non-hazardous solid waste collection services for commercial, industrial, municipal, and residential customers through 400 collection companies in 40 states and Puerto Rico. We also own or operate 242 transfer stations, 213 solid waste landfills and 79 recycling facilities. Republic serves millions of residential customers under terms of contracts with more than 3,000 municipalities for waste collection and residential services. We also serve some commercial customers throughout our expansive service area.

Since incorporation, Republic Services has been committed to the essential components of integrated solid waste management services: collection, recycling, composting, transfer, and disposal. Each division of Republic Services is dedicated to preserving the environment while providing the most cost-effective programs for solid waste collection and disposal.

Republic Services has broad expertise in the waste management field, derived from a diverse array of hauling, transfer, recycling, and disposal operations. Very few companies can equal the operational capabilities, financial stability, capital resources, broad experience, geographic dispersion, integrated infrastructure, or transfer expertise that Republic Services brings to a project.

Our mission is to provide industry-leading solid waste and environmental services that exceed our customers' highest expectations. We offer a safe, respectful and rewarding workplace for our employees as we continue to develop a company dedicated to excellence, environmental responsibility, ethical behavior, and increasing shareholder value.
