

Debris Removal Guidelines

Separate household waste and recycling from storm debris

REPUBLIC
SERVICES

Per FEMA guidelines, please separate storm debris into the categories to the right. Republic Services will pick up your regular household waste and recycling. Storm debris will be collected by Republic Services or another contractor.

Do not put storm debris in garbage bags. Place debris at the curb without blocking the roadway or storm drains. Please place debris away from trees, poles, fire hydrants or other structures.

Visit [FEMA.gov](https://www.fema.gov) for additional storm debris information.

Visit [RepublicServices.com/Services-Alerts](https://www.RepublicServices.com/Services-Alerts) for updated service information.
