

# Drum & Containerized Waste

From a single drum to a full truckload, Republic Services provides the turnkey, transportation and disposal services you need through our expert team, large fleet and network.

**REPUBLIC**  
SERVICES

Sustainability in Action

Managing containerized waste can be challenging for organizations with small and mid-sized waste quantities. Republic Services makes it simple by offering compliant solutions, for any volume and type, across North America. Our team of experts guides you through the entire process for an end-to-end solution that simplifies the management of your drum and containerized waste.

## What We Offer

- ▶ Hazardous and non-hazardous waste transportation
- ▶ Less-than-truckload (LTL) or full truckload options
- ▶ Scheduled or recurring, on-demand pickup options
- ▶ Bucket, drum, tote, box and pail equipment solutions

## Why Republic Services

### Reliable

On-time service from scheduled recurring transport to fast on-demand pick-ups when you need them.

### Compliant

HAZWOPER, OSHA, RCRA and DOT-certified technicians and drivers ensure your business remains compliant with local, state and federal regulations.

### Turnkey Service

Nationwide expert and facility networks with dedicated local teams guide you every step of the way from waste profiling to invoicing.

### Flexible Scheduling

Custom pickup schedules built to your business' needs with proactive communication about service timing and route options.

### Competitive Pricing

Network-optimized, all-inclusive rates for simple budgeting and complete transparency.
