

Environmental, Health & Safety (EHS) Consulting

Republic Services offers consulting and training services from a team of EHS compliance experts with deep compliance and industry knowledge, degrees and certifications.

REPUBLIC
SERVICES

Sustainability in Action

Republic Services is a leader in environmental services, offering customers the most complete set of environmental solutions available from a single provider.

With the acquisition of ACTenviro, these offerings now include Environmental Health & Safety (EHS) Consulting and Training. Our certified compliance experts support customers by helping navigate ever-changing laws and regulations to mitigate risk, manage compliance and protect employees.

EHS Consulting Services Deliver:

- Hazardous Materials Reporting and Business Plans
- Implementation of Safety Management Systems
- Biennial Reporting
- Employee Training
- Air Quality Monitoring
- Audit Preparation
- Facility Openings & Closures
- Permitting
- Spill Prevention, Control and Countermeasure (SPCC)
- Fire Report (Hazard Classifications)
- Gap Assessment/Audit
- Misc. Administrative Support
- Compliance Management
- Consulting and Training Services
- Inspections

Value of EHS Consulting

- ✓ EHS compliance made simple
- ✓ Reduce risk and liabilities
- ✓ Increase safety at your facilities
- ✓ Focus on driving your business forward
- ✓ Save money, and avoid fines
