

PFAS Solutions

Republic Services' team offers the technology and expertise to safely and compliantly manage your per- and polyfluoroalkyl substances (PFAS) waste needs.

REPUBLIC[®]
SERVICES

Sustainability in Action

Republic Services is a leader in environmental services. Through the acquisition of US Ecology, ACV Enviro and ECOFLO, Republic Services can now offer customers comprehensive Environmental Solutions, including PFAS Solutions.

We have developed solutions to protect the environment and human health from PFAS contaminants and work closely with federal and state regulators to assess and comply with the evolving regulatory framework surrounding PFAS management.

Advanced treatment technologies

Hazardous and non-hazardous waste disposal

Compliance and safety

Accepted PFOA/PFOS Waste Streams

- AFFF, firefighting foam, fire-related debris
- Contaminated or impacted soil/sludge/bio solids
- Liquid and liquid-phase waste
- Wastewater, leachate, filter cake

PFAS Solutions

- RCRA Subtitle C, secure disposal, including arid climate landfill
- Injection well disposal
- Thermal treatment
- Wastewater treatment: carbon filtration, ion exchange or resin filtration systems
- Waste transportation and disposal via truck, tanker and rail

Value of Our PFAS Solutions

- Safe treatment and compliance with evolving regulatory framework
- End the mobility cycle
- Unmatched capacity and capabilities led by experienced professionals
- Ability to handle any waste volumes/needs
