- Alcohol recycling
- Aerosol Recycling Technology (ART)
- Paint recycling
- Route optimization technology
- Consulting and Training Services
- Innovative solutions and technology
- Real-time access to comprehensive reporting
- Highly skilled dedicated account and billing managers

Smarter Sorting Partnership

Republic Services' exclusive partnership with Smarter Sorting provides retailers a fast and accurate solution to safely and compliantly classify and segregate RCRA, hazardous and non-hazardous waste.

Through our connected systems we have access to our customer's accumulation data and can in real time see what waste they have and only schedule pick ups when they are needed reducing your cost.

RCRA-Permitted, DEA-Registered

As one of few providers, our RCRA-permitted and DEA-registered reverse distribution pharmaceutical waste facility in Detroit, MI, uniquely manages non-hazardous, hazardous and U.S. DEA Schedule II-IV pharmaceutical waste streams.

VAWD-Accredited

Republic Services' Detroit South Facility is accredited by VAWD, which is recognized by every state board of pharmacy to safely manage your pharmaceutical waste.
