

Apartment and Condo Recycling Laws

SB 1383: Reducing Organic Waste

State law, SB 1383, is a statewide effort to reduce emissions of short-lived pollutants by reducing organics waste disposal to 75% by 2025. Organic material accounts for more than half of the material in California's waste stream. Greenhouse gas emissions caused by the decomposition of organic material in landfills contribute to global climate change. As of January 2022, all generators are required to separate organics, including all food scraps, uncoated food-soiled paper and yard trimmings, for composting. You must subscribe to and participate in the organics and recycling program or self-haul organics and recyclables to a specified composting facility, community composting program, or other collection activity/program. Go to calrecycle.ca.gov/organics/slcp, for more information.

Property managers are required to:

- Annually educate tenants on the legal requirement to separate organics for composting, and how to properly sort materials (organics, recycle and landfill). Residents can participate by preventing/reducing food waste, composting at home and using the green organics cart.
- · Provide information to new tenants within 14 days of occupation of the premises.

Go to RepublicServices.com/AntiochCA for tenant outreach materials.

Technical and Educational Assistance

Need help making sure you are in compliance with the above legislation? Want to improve your recycling and/or organics programs? Need to start a program? Employees need training? Republic Services can provide educational material, posters, training, waste assessments, help set up programs, offer suggestions for improvements and answer any questions at no additional cost. Contact Sustainabilityadvisors@republicservices.com or call (925) 671-5860.

Household Hazardous Waste

It is ILLEGAL to throw hazardous waste in your carts and dumpsters:

Residents can take paint, pesticides, fluorescent bulbs, motor oil & oil filters, batteries, solvents, personal care products, pharmaceuticals, sharps, e-waste, and other household chemicals FREE of charge to Delta Diablo, 2500 Pittsburg-Antioch Hwy, in Antioch. For chemicals generated in property mainteance, as a business, there is a small fee.

For more info, call (925) 756-1900 or go to DeltaDiablo.org/ household-hazardous-waste.

Mandatory Service for Resource Recovery

Antioch Municipal Code 6-3.02 requires all businesses and apartments/condos to subscribe to adequate levels of the city's three container collection services. Republic Services offers free waste audits, educational materials for employees, and can provide the necessary recycling containers for inside your business.

Updates and information on this effort can be found at AntiochCA.gov/environmental-resources/sb1383implementation.

Contact Sustainabilityadvisors@republicservices.com or call (925) 671-5860.

Did you know?

Apartment and Condo Recycling

To make recycling easier, handy reusable recycling totes are available to residents at no cost. If you would like any totes to distribute to your residents, please contact **Sustainabilityadvisors@republicservices.com** or call (925) 671-5860.

Keep Recycling Clean

To meet strict quality requirements in this new era of recycling, please make sure your recyclables are:

Empty.Remove any remaining food

or liquid.

Clean.Lightly rinse or wipe the item.

Dry.Shake out excess moisture or air dry.

Food Scrap Recycling

Residents can use the pail for storage and then empty their food scraps into the green organics cart. They may line their food scrap pail with newspaper, a paper bag, or a BPI-Certified Compostable bag (the only type of Compostable plastic we can accept).

If you have residents who would like a pail, call (925) 671-5860 or contact Sustainabilityadvisors@republicservices.com.

Important: Biodegradable plastics AND REG-ULAR PLASTICS are not acceptable because they don't break down completely in our compost process.

Service Reminder

Lids must close. Overloaded or contaminated containers may not be serviced, or you may be charged.
