

Hey, Carlsbad!

Recycle right. Compost smartly.
Waste less. All for FREE.

Sustainability in Action

Republic Services and the City of Carlsbad's

Sustainable Materials Management Division want to make it easy for residents to dispose of their waste in an environmentally friendly way. This guide is intended to provide residents and property managers with important information about Carlsbad's recycling, organics, trash and other waste reduction and diversion programs available in the city.

Move-In Kit for Multifamily Tenants

Republic Services provides free Move-In Kits to multifamily residents to help with sorting of their recycling and organic waste prior to placement in the enclosure area (where your waste dumpsters are located).

Kits include:

- ✓ **Recycling tote bag**, to collect recyclables and transport them to your property's centralized recycling dumpster.
- ✓ **"What Goes Where?" magnet**, to hang on the fridge as a reminder of what goes into each cart or dumpster.
- ✓ **Composting kitchen caddy**, to collect food scraps at home and, when it's full, take the material to the property's centralized green organics dumpster or cart. Republic Services provides **free** kitchen caddies for residents.
- ✓ **Republic Services chip clip**, to keep snacks fresh.
- ✓ **A copy of our multifamily guide**, to keep as a quick reference for programs and services available.

Ask your property manager for a Move-In Kit, or contact Republic Services at **760.332.6464** or **CarlsbadService@RepublicServices.com** to request a Move-In Kit.

Because protecting the planet shouldn't cost a thing.
